We have a new CD in the works

Artist - Band Name \_\_\_\_\_

Titled \_\_\_\_\_ it contains the following tune(s):

| TITLE | Proportion of Medley | Rate per Thousand |
|-------|----------------------|-------------------|
|-------|----------------------|-------------------|

We recognize you as the copyright holder and will pay mechanical royalties based on industry standards (currently \_\_\_\_\_ per complete track, per unit manufactured). Since your tune(s) is part of a medley you will be paid the appropriate percentage(s) of the track rate. First run is planned to be \_\_\_\_\_ units with release date scheduled \_\_\_\_\_

Our CD manufacturer requires your written permission. Signing and returning this informal 'mechanical license' will complete our legal responsibilities. Although you may find this formality a nuisance, rest assured it confirms you as a composer or copyright holder, and ensures prompt payment of royalties without the need of a third party.

thank you
